AN OLD LINE REPUBLICAN

Gives His Views on The Present Situation in North Carolina.

Editor Telegram:—Will you give me space in your paper to write a few lines politically. Politically speaking I am a republican of the old school; have stood shoulder to shoulder with the republican party for over a quarter of a century, having been through many exciting campaigns, battling for republican supremacy in North Carolina, but am proud to say during all that period in casting my vote, I was actuated from principle only. I was honest in my belief that the principles inculcated in the republican party, faithfully and honestly carried out, would be to my interest and to the interest and welfare of the country.

But in the case of human events it became our duty to ask ourselves the question: has the principles of my party been carried out honestly and for the promotion of good government in North Carolina and redounds to the welfare and prosperity of her people? In taking a retrospective view of the history of the party for the last four years, I am constrained to say that the present condition of affairs in our state are of such nature that it would be unwise and unsafe and prove disastrous for the republican and popular combination to get control of the state government again in the coming fall election.

When we cast our eyes to the eastern counties and behold the condition of affairs that exist there, we throw up our hands in holy horror and exclaim: Shame be to the leaders of the republican party for this shameful and disgraceful humiliation of the Anglo-Saxon race.

Negro Supremacy! It was not intended by the Almighty from the foundation of the world that the African race should hold dominion over the white race. This unholy warfare against good government should be met with indignation at the hands of every intelligent voter of North Carolina irrespective of party affiliation, and be forever stamped out.

The independence of this country was established by the Anglo-Saxon race and should be perpetuated for all time to come as a white man's government and white men to rule it. And any opposition to the contrary should be met by the strong arm of resistance by the voting power of the state and unsparingly lash and denounce as enemies all those that set up in opposition to good government within her borders.

In conclusion allow me to say what I have written has not been at the instance of any democrat or for reward or hope of reward from the democratic party. In voicing our own sentiments we are acting as power of attorney for thousands of dissatisfied republicans in North Carolina who enter their solemn protest against the leaders of their party for the shameful and disgraceful way that our state government is administered by them.

The edict is gone forth. No human hand can stay the onslaught. The handwriting is seen on the wall in unmistakable characters and it reads defeat. Here I will let the curtain drop, to be rung up again on the morning of the 8th of November, when behind the scenes will be found waiting thousands of dissatisfied voters with ballots in their hands that will appear very queer to the eye.

I respectfully subscribe my nom de plume,

Omnia Mutantur Nos. et Mutamur in Illis.

Greensboro, Sept. 20, 1898.

A Wife Beater.

One Simpson Fields, who, up to three weeks ago, resided about eighteen miles from Greensboro, was brought here yesterday and placed in jail on failure to give bond of one hundred dollars to keep the peace. Simpson became dissatisfied with his wife a short while ago. She would not act according to his advice and he proceeded to persuade her by means of soft blows with his fist. She swore a peace warrant for him soon afterward and Simpson left those parts. He came back a few days ago, however, to get some clothes, and an officer, with two deputies, caught him. Simp. says he gave them a hot chase for nearly a mile but it was a case of three against one and he surrendered.

AN EMERGENCY PROVISION.

Battleships Iowa and Oregon Go To Philippines.

THERE IS MUCH SPECULATION.

Positively Asserted That No Specific Act Has Occurred to Cause Adoption of This Program.

By Wire to THE TELEGRAM.

Washington, Sept. 20.—The publication of the orders for strengthening General Otis' force in the Philippines simultaneously with the announcement that the battleships Iowa and Oregon would sail for the Orient to augment Admiral Dewey's squadron, has served to call attention to the situation there and has been the cause of much speculation as to the purpose of the administration.

The best authorities are saying that the navy movements had their origin in the determination of the officers of the government to be prepared as fully as possible for any emergency arising, not on account of any particular act or to provide against any expected contingency. It is positively asserted that no specific act has occurred which led the administration to adopt the program as indicated.

GEN. MERRITT RETURNS.

By Wire to THE TELEGRAM.

San Francisco, Sept. 20.—The steamer Australia arrived at this port today from Hawaii. Gen. Merritt, commander of the department of California, who has been at Honolulu, was one of the passengers. Everything was quiet at Honolulu when the steamer left. The people are jubilant over annexation and are interesting themselves in the effort to make the government of the islands similar to that of the United States.

No New Fever Cases.

By Wire to THE TELEGRAM.

Jackson, Miss., Sept. 20.—No new cases of yellow fever have been reported from any part of the state today. The chances for a general epidemic are growing slight. The infection at Taylor's has been traced to a box of bananas shipped from New Orleans.

Henry Wood, of Boston, who has already given a church and a town hall to his native town of Barre, Mass., has now announced his intention of giving it a handsome high school building.

Jumping the Train.

Yesterday afternoon when the C. F. & Y. V. north-bound passenger train was going out at 3:50, Will Carter jumped on and off several times as if he were practicing. Conductor Campbell stopped the train and caught Will and then the fun began. A policeman was phoned for and while he was coming Will tried to get away. He kicked up a great deal of dust, but finally his captors got him in the baggage car's little house on South Elm, and cornered him. Officer Scott was the first policeman there, and with the aid of hand-cuffs and a deputy, took the wayward William to the lock-up.

THE FALSE ALARM

Was Quickly Responded to By the Department.

Greensboro's fire department had a splendid test last night and the promptness with which it responded to the alarm was a surprise to all who saw the fine runs made by the horses.

About 8 o'clock smoke was noticed coming from the top of the building occupied by the Bank of Guilford. Pedestrians on that part of South Elm were attracted by the smell of the smoke and soon a good crowd had gathered. Chief Stone, who is always on the alert, was one of the crowd and, though diligent search in the upstairs of the building from which the smoke was coming failed to discover any fire, he ordered the alarm turned in. This was promptly done from box 32. The whole department responded immediately. The horse wagons "Protector" and "Dixie," both of which are stationed about the same distance from the scene, came up at the same time, both coming as though they had been "shot out of a cannon." The Southsiders came up shortly afterward, their quarters being a long distance from the scene. In a very short while the ladder truck came up. The ladders were hoisted and the boys were soon on the building. A hole was cut in the roof but no fire could be found. Finally it was discovered that the smoke came from a stove in the bank. Some papers and rags had accidentally caught and burned slowly, causing volumes of smoke to pour from the chimney.

The quick work done by the boys was a great surprise to everybody and especially a number of traveling men, who had run down from the hotels to see the fire. One man, who belongs to the fire department of a large city in a neighboring state, said it was only 45 seconds after the alarm that the hose wagons were in sight. He was all the more surprised when he was informed that the whole department is composed of volunteers.

A VISIT TO THE JAIL.

And a Talk With Sam Lucas—What he is Doing.

The day set for the execution Sam Lucas is near at hand. September 29 was the day appointed, but the appeal taken will delay the hanging for some time and a new trial may possibly be granted. Sam thinks this not at all probable, however, and seems to realize that he will pay for his crime with his life.

A Telegram reporter visited him in his cell this morning and found him sitting by a window reading. This is the way most of his time is occupied. Every trace of nervousness which he displayed for some time after the sentence of death was passed upon him, has disappeared and he now feels perfectly at ease, though looks sad except occasionally when he laughs heartily during a conversation. He likes for friends to visit and talk with him. Eight young colored women called on him yesterday afternoon and presented him with several religious books and other literature. He said he felt much better after their visit.

Sam's wife is still here, but he said he expected her to return to Massachusetts this week.

He says he is fully trusting in the Lord and is ready to die. He reads a great deal in the day and prays for hours at night.

Dr. Ivey in Danville Sunday.

At 11 a. m. Rev. T. N. Ivey, one of the foremost preachers of North Carolina, preached to the Woman's Auxiliary Missionary society in the main room of Mount Vernon M. E. church. Dr. Ivey came at the request of the ladies, and his discourse proved the appropriateness of their selection. His text was from John 17: 18, and was a powerful exhortation to the believers to go out into the world and save souls. At night Dr. Ivey preached to another large congregation from Galatians 5: 1, his subject being "Liberty Through Christ." In the minds of those who heard him, Dr. Ivey will long be framed in a wreath of burning oratory and spirituality.—Danville Register.

THE MISFORTUNE OF SPAIN

"Had Castillo Lived The War Would Have Been Averted."

RELIEF FOR STORM SUFFERERS.

Archbishop of The West Indies Makes a Statement—Public Opinion Holds England Responsible.

By Cable to THE TELEGRAM.

Madrid, Sept. 20.—The Duke of Tetuan, minister of foreign affairs in the cabinet of Premier Castillo, Sagasta's predecessor, has issued a document ascribing Spain's misfortune to Premier Sagasta, in which he says that had Castillo lived he would have prevented the war.

He further says the Liberals might have averted war by accepting the proffered good offices of United States Minister Woodford, or by treating with the insurgents on the basis of Cuban independence.

THE HURRICANE SUFFERERS.

Kingston, Jamaica, Sept. 20.—At a public meeting today, called to devise means to secure relief for the hurricane sufferers, the Archbishop of the West Indies declared the condition in Jamaica was such that it is impossible to do more than emphasize an expression of sympathy with those who need relief and substantial help.

He says, comprehending the re-establishment of the original conditions in the islands, it must, in his opinion, take the form of Imperial assistance on a large scale. Public opinion here endorses the statement of the Archbishop and especially holds England responsible for the industrial crisis when it renders the other West Indian colonies impotent to give to the suffering islanders substantial aid.

STRANGLER TO DEATH.

The Desperate Work of Three Burglars Last Night.

By Wire to THE TELEGRAM.

New York, Sept. 20.—Andrew Cassagne was strangled to death last night while asleep at his home by three desperate burglars, who also attempted to strangle his wife. They secured the sum of five hundred dollars and made their escape. The Cassagne family lived in the suburb of Williamsburg.

The board of survey is soon expected here to recommend the retention of about a dozen converted yachts for use as dispatch boats around our new possessions.

No Welcome for Cervera.

By Cable to THE TELEGRAM.

Madrid, Sept. 20.—The workmen of Bilbao, where the cruisers which belonged to Cervera's fleet were built, have decided to go to Santander in order to make a demonstration against Admiral Cervera on his return. The government, however, has taken measures which are calculated to prevent the plan from being executed. The ministry has forbidden any demonstration, also, welcoming the admiral home.

THE BOYS COMING HOME.

The Greensboro Company Furloughed this Morning.

About twenty-five of the Second regiment boys came in on the early train from Raleigh this morning and left on the 7:32 train for their homes in the western part of the state. Most of these were from the Asheville company and received their furloughs yesterday afternoon. The Greensboro company was furloughed this morning. First Lieutenant Gilmer, Corporal John Finlator, Private Will Ballard and several others of Company D (Capt. Gray) came in at noon. All the boys seem truly glad to get home and the people are truly glad to see and welcome them. They have done their duty in the camps and would have performed it as well had it been fighting Spaniards in Cuba or Porto Rico.

Some of the Greensboro boys were on guard duty this morning and could not come. Some of these will probably come this afternoon.

MISS WINNIE DAVIS' FUNERAL.

Confederate Veterans Will Form an Escort of Honor.

Reynolds, Ga., September 19.—General John B. Gordon, Commander-in-Chief United Confederate Veterans, today issued the following order: "To the United Confederate Veterans, the Commanding General, with a sorrow which no words can express, announces the death of Miss Winnie Davis, the idolized daughter of the Confederacy."

"The boundless enthusiasm which was evoked by her every appearance at our re-unions indicated the depth of affection and the unfeigned admiration which all Confederates felt for her. It is not too much to say that the ovations with which she has everywhere been greeted by the ex-soldiers of the southern armies were such as have rarely been accorded any woman. Their grief at her untimely death will be as profound and poignant as their love for her while living was universal and sincere, and their most affectionate sympathies are with the grief-stricken mother. The Commanding General directs that the department and division commander select delegations and escorts of honor as they may deem proper to represent the United Confederate Veterans, and to accompany the remains to their final resting place."

"By order of J. B. Gordon, General Commanding, George Moorman, Adjutant General."

FUNERAL IN RICHMOND.

Richmond, Va., Sept. 19.—A telegram received here tonight from Mrs. Jefferson Davis says the funeral of Miss Winnie will take place in this city on Friday, the exact hour not yet being decided upon.

DR. THOMAS RETURNS.

Enjoying Good Health—A Talk With Him.

Dr. H. J. Thomas arrived home yesterday. His many friends were pleased to see him looking so well. His cap and uniform makes him look like a soldier. He says that he lost several pounds while at Santiago, but that he became himself again after going to Montauk, L. I. He was not sick a day while away.

Dr. Thomas is well informed and it is interesting to hear him relate what he has seen since he left Winston. The situation at Santiago, as he told in his letters to the Sentinel, was a sad one, but many of the soldiers who were removed to Montauk have recovered. Nearly all of the sick have been moved from the latter place to hospitals in Brooklyn, Washington and other places.

The Doctor says that prominent men with whom he talked expressed the opinion that the commissioners will have little trouble now in adjusting the misunderstanding between the United States and Spain. The latter was so badly whipped that the powers are willing to accede to any reasonable demand.

It is the prevailing sentiment, however, says Dr. Thomas, that the Philippine Islands will prove a "white elephant" for the United States.

The authorities at Washington accepted Dr. Thomas' resignation on Wednesday. He stopped there Saturday, made his report and left that night for home.—Winston Sentinel.

CONCERTED ACTION.

When a company is formed to carry on a certain enterprise or business the first essential to success is concert of action. The company must, in a sense, be a unit. When it is found that a member of a corporation is a kicker, when he refuses to pull in the same direction with the others, or is even indifferent to the success of the enterprise, steps are at once taken to buy him out or let him pull out.

So it is, or should be, in building cities, or making public improvement of any kind. In order to succeed there must be concerted action. The people must first study the public needs and requirements, find out what will best serve the interests of all, and then, as one man, pull for that end.

It is first necessary that public matters be discussed—just as the directors of a private corporation get together and study and discuss every detail. Without discussion and a free interchange of views there cannot be a concerted move on the part of the citizens of a community.

To the end that all may be brought closer together, understand each other, and understand more fully what the city needs, must have, and how to get it, there should be a meeting of citizens once a month to discuss current matters. Such a move would, we believe, be productive of much and everlasting good to the city. It would tend to interest those who are indifferent to the city's welfare. It would create enthusiasm. The city's pulse could be felt at any time.

Let the representatives of Greensboro think of this and let us have the monthly citizens' meeting. We have the Industrial and Immigration Association, which is doing great service for the city, and we believe the citizens' meeting would aid that organization in its work and it would be an easy matter to communicate to the board of aldermen the sense of the community on any matter of public interest which might arise to be determined by them.

Why not? This is the basic principle upon which our government is founded. The people are the sovereigns and their will is supreme. Where the people are united everything must move before them. Let them unite on Greensboro and get down to earnest and concerted work—then, as the negro said when he sat down to a dinner of baked possum and sweet potatoes, "Drive out de dawg and shet de do!"

It would be interesting to know for whom the republicans of Orange county will vote for congress. There are only two candidates—Kitchin and Adams—and they have resolved to the effect that they will not vote for Adams for that position.

The death of Miss Winnie Davis will cause a pang of genuine sorrow in the breast of every faithful follower of the great chieftain of the Lost Cause. Born in 1863, she was called the "Daughter of the Confederacy," and has ever since been honored with that distinctive title. Her mother, the venerable widow of Jefferson Davis, still survives and in this sad hour she will be the recipient of the loving sympathy of all people.

ANARCHISTS IN AMERICA.

The Empress' Murder Said to Have Been Planned Here.

London, Sept. 18.—A despatch to the Daily Telegraph from St. Petersburg says information has been received there to the effect that Luochen, belongs to an anarchist gang which went to North America two and a half years ago, leaving a few of their comrades in Europe.

The gang issued orders from America, where the present plot was hatched. The members have now returned to Europe, but the chiefs remain in New York.

Vienna, Sept. 18.—Emperor Franz Josef has issued the following manifesto:

"To My Peoples: A most severe, a most cruel, trial has fallen on me and my house. My wife, the ornament of my throne, my faithful companion, my comfort and support in the darkest hours of my life, in whom I lose more than I can express, is no more. She has been torn from me and my people."

"A murderer's hand, the instrument of insane fanaticism, the object of which is the destruction of existing social order, has been raised against the noblest of women, and in blind, objectless hatred has pierced the heart that knew no hate and only beat for goodness."

His Majesty thanks the people from the bottom of his heart for their signs of love, and says that common grief has established a new bond between the throne and the fatherland. He adds that he will persevere in his mission, the hope success sustaining him. He prays God to grant him success, to bless his peoples and to enlighten them to find the path to concord, when they will flourish and become happy.

The Emperor has instituted the Order of Elisabeth for ladies, in memory of the dead Empress. The Countess Szparay, who was with the Empress in Geneva when she was assassinated, has been the first to receive the grand cross of the order.

TRIED TO POISON AGUINALDO.

Eleven Friars Said to Have Been Implicated in the Plot.

Manila, Philippine Islands, Sept. 19.—The Republica Filipina asserts that an attempt was made to poison Aguinaldo on Friday night. A steward, it is alleged, saw a Spanish prisoner who had been allowed his freedom, make a movement which appeared like tampering with a bowl of soup intended for Aguinaldo, whereupon the steward tasted a spoonful of the soup and fell dead.

Eleven Franciscan Friars are alleged to have been engaged in the conspiracy.

The populace, it is further said, attempted to lynch all the Spanish prisoners, but Aguinaldo intervened.

At Saturday's session of the national assembly, it appears, Aguinaldo was absent, but his representative related the story of the outrage to the members, who unanimously adopted the chairman's proposal that they all go to Aguinaldo's house, express sympathy with him and congratulate him upon his escape.

During the evening a special thanksgiving service was held in the church at Malolos.

Soup intended for Aguinaldo is now subjected, it is stated, to a chemical analysis before being presented to the insurgent leader, and the Spanish prisoners are kept closely confined.

Public Speaking.

Let everybody attend and hear the political issues discussed.

ANOTHER NEGRO BRUTE.

Mecklenburg County the Scene of a Dastardly Crime.

Croft, Mecklenburg County, Sept. 19.—Minnie Brown, a young country girl 16 years old, was outraged near here Sunday afternoon about four o'clock, and the people of this community are much stirred up over the matter.

The girl is the daughter of Elmer Brown, and the family is poor but respectable. The girl is said to be half-witted, which only makes the crime the more horrible. She and her little brother, six years old, were on the way to their uncle's house, near their own home, when the negro fiend seized her. The little boy ran away screaming, and the girl also made a piteous outcry, which was heard by neighbors dwelling at a long distance. The negro frightened the girl by brandishing a pistol and a large open knife. He also choked her and covered her face with some filthy garment—a coat, perhaps—which he was carrying with him.

At 3:30 o'clock this morning it was learned that the negro had been captured and identified by the girl and Mr. Johnson and others. His name is Joe Jackson. He came from Yorkville, S. C.

The trial was held before W. Z. Alexander, magistrate, in Elmer Brown's house. The evidence was most convincing. The negro didn't tell a straight story. He was bound over to October court.

'Squire Alexander made a little speech to the crowd to let the law take its course. Deputy Sheriff Joe Black will carry the prisoner to Charlotte this morning.—Special to Charlotte Observer.

Honors Are Even.

Colonel Dockery never said anything worse of Governor Russell than the latter has said of him. The difference seems to be now that Dockery lacks the foot that has been, and is, and ever will be raised to kick him, for the sake of an office. The Governor has taken nothing back. We must believe both know each other well, and each deserves the contempt he receives from the other.—Morning Post.

DeWitt's Witch Hazel Salve has the largest sale of any salve in the world. This fact and its merit has led dishonest people to attempt to counterfeit it. Look out for the man who attempts to deceive you when you call for DeWitt's Witch Hazel Salve, the great pile cure. Howard Gardner.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night, and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz. This writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and \$1.00. Every bottle guaranteed.

A Silly Fellow.

He is the silliest boy you ever heard of. He writes me twice a day. "How absolutely foolish, Nell! What does he do the rest of the day?" He says he spends it in reading letters I write to him—Harper's Bazaar.

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba were all heroes. Their heroic efforts in getting ammunition and rations to the front saved the day.

P. E. Butler, of pack-train No. 3, writing from Santiago, De Cuba, on July 23rd, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., of Des Moines, Iowa. For sale by C. E. Holton.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in it's merits do you want? It cures piles, burns, scalds, sores, in the shortest space of time. Howard Gardner.

The desk at which President McKinley has signed so many momentous dispatches during the past few months was a gift of Queen Victoria to a former occupant of the White House. It is made of tough British oak, taken from the remains of the ill-fated ship Resolute, which went northward in 1872 in search of Sir John Franklin.

SAM JONES' LATEST.

Fires a Shell at Clubs, Tobacco and a Variety of Socks.

Taken from Sam Jones' letter in the Atlanta Journal: "I see the Baptist brethren in their East Point Convention the other day sat down on clubs and tobacco. I am with them on the clubs, for I believe them a thing of evil and a thing of the devil. I don't believe tobacco is a very decent thing for men to monkey with either. I don't believe dirty socks are respectable. I have seen some good men wear them though. I didn't see the socks, but I knew they had them on. They were like the South Carolina school teacher who explained to the judge what created the odor in the court house, when he said: 'May it please your honor, I think some gentleman have drew a boot.' I never shoot at finger rings, ear bobs and tobacco much. If I had a gun of smaller calibre and had nothing else to do I'd take a few shots at those things; and yet I say I would not advise a man to smoke and chew than I would advise a man to wear socks that ought to be in the laundry. Fight the clubs, gentlemen; and when you are nearly out of a job, shell the woods over finger rings, ear bobs and tobacco. But if you had rather shoot canary birds than bear, fire away."

No More Use For Coal

San Juan de Porto Rico, Sept. 17.—Reports received here from Ponce say that no new cases of fever have developed there, and the opinion is growing that the existing cases of sickness have been incorrectly diagnosed. The quarantine has therefore been raised, and Lieutenants Elkins and Wardman, of Major General Brooke's staff, and Lieutenant Fielder and six cadets from the cruiser Cincinnati, sailed for New York today, on board the British steamer Caribbee, which had arrived from St. Thomas.

The Spanish authorities have offered Admiral Schley 6,000 tons of coal at \$6 per ton. He has cabled to the Department at Washington for instructions.

It is reported that Captain General Macias today received information from Madrid that two steamers had sailed for San Juan for the purpose of embarking troops for Spain.

Silent on Other's Faults.

She's a very charming woman,
That is, as charmers go;
And no one ever hears her
Dispensing tales of woe.
As to her neighbor's doings
She invariably keeps mum,
Perhaps the reason of it is
Because she's deaf and dumb.

THE SOUTHERN RAILWAY.

An Ideal Tourist Trip to the North and East, via "Chesapeake Line."

The pleasure-seeking tourist can accomplish no more delightful rail and water journey to the North or East than via the Southern railway to Norfolk, thence the Chesapeake Line steamers to Baltimore. The Chesapeake Line is the fast mail route. The fleet consists of the most magnificent steamships afloat, The City of Atlanta, Charlotte, Danville and Baltimore, leaving Norfolk every week day at 5:45 for Baltimore, touching at Old Point Comfort. These ships are especially constructed for the Bay service, and their appointments are as perfect as the most fastidious taste can suggest.

The cuisine is unexcelled, and every attention possible is shown to the traveler.

The connection with the Southern Railway, arriving at Norfolk at 7:50 a. m., permits a day's stay over at that point, giving an opportunity to visit Old Point Comfort (Fort Monroe) Virginia Beach and Newport News.

For rates, through tickets, and other information, call on any agent Southern Railway, or write R. L. Vernon, Trav. Pass. Agent, Charlotte, N. C.

Collectors of antique furniture have struck a bonanza in Havana. In preparing to return to Spain army officers are placing on the market pieces of fine workmanship and ancient pattern which are being eagerly snapped up by dealers. A correspondent cites a handsome old walnut wardrobe with three full-length bevel mirrors, valued at \$150, which was sold for less than \$15; and that is simply one example of many.

Yellow Jaundice Cured

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by C. J. Holton, druggist.

Erwin A. Holt, of Burlington, was at the Benbow today.

Col. John W. Hinsdale, of Raleigh, is in the city this afternoon.

S. O. Goode, of Winston, passed through today en route to Sanford on a business trip.

J. N. Longest returned to Pinehurst today after spending several days here with his family.

A fatal mistake is often made. Read the balance in the new ad of the Odell Hardware Co. in this issue.

D. Getaz, of the firm which has the contract to build the new depot, arrived in the city at noon today.

A. J. Jones, a merchant of Glendon, came up yesterday on a business trip and returned home at noon today.

Miss Nannie Bryan returned from Winston yesterday where she spent a few days visiting friends and relatives.

B. S. Phillips left at noon today for Pittsboro to attend court. He is a witness in a case which comes up there this week.

Miss Elizabeth Gaine, of Concord, is visiting Miss Jane Gaine at Rev. P. J. Carraway's, on Cedar street, and will spend some days.

Bugler George Lyon, with the First regiment at Jacksonville, Fla., passed through today enroute to his home in Durham to spend a short furlough.

Charlie Emerson, colored, was fined \$3.15 by 'Squire Eckle this morning for slapping a little girl, also colored. Let the old folks do the slapping, boys—it's cheaper.

Miss Mary Chandler, of Scottsburg, Va., who has been visiting her cousin, Miss Ruby Glascock, on Asheboro street, returned home today to the regret of her many friends here.

There will be no defect in the new depot. The arch next to South Elm street, next to the front of the building, was torn down level with the ground today, it being discovered that it was not curved exactly right.

Special Notice.

Proposals will be received by the city of Greensboro, N. C., up to November 15, 1898, for lighting the streets of said city with electricity for a period of three or more years from January 1, 1899. said proposals to be based on seventy or more lights of 1,200 candle power. City reserves right to reject any or all bids. Bids or inquiries should be addressed to B. H. Merrimon, chairman light committee, Greensboro, N. C.

In connection with the above the Industrial and Immigration Association of Greensboro urges investors to investigate Greensboro as a place for building an electric street railway and power plant. Numerous small manufacturing concerns want power of this kind. Incandescent lights are wanted. City has a population of over 10,000 and is growing rapidly. Unusual opportunity for those who mean business; no fakirs wanted. Information will be furnished by the I. & I Association.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Howard Gardner.

A Fatal is often made by those who are building new Mistake houses. There are certain points upon which they do not chance to be informed. Yet they are important. Under such circumstances it is best that you consult those who have made a careful study of the points involved, and upon whose judgment you can rely.

We Study The We are constantly Mantel Business on the look out for new styles. We are not confined to one manufacturer. We pick the market. The same is true of Grates and Tiles.
